Question 2: *Describe the employment unit's efforts to disseminate widely its equal employment opportunity program to job applicants, employees, and those with whom it regularly does business.*

All of Comcast's employment vacancy advertisements and postings state that Comcast is an equal opportunity employer. This statement is reiterated on Comcast's employment application forms and on Comcast's website, where job vacancies are listed. In addition, Comcast's purchase orders include a statement that Comcast is an EEO contractor.

Comcast has a written Equal Employment Opportunities policy that is provided to every Comcast employee through its Employee Handbook. Every employee at Comcast is made aware of this policy through distribution of the Handbook and electronic signature on the acknowledgment form, and may report EEO or discriminatory conduct to Human Resources, to his or her immediate supervisor, to a member of management or to a special email address and phone number branded as "Comcast Listens" that is designed to receive employee complaints. On a periodic basis, Comcast's EEO policy is reviewed and updated as needed. The Handbook also contains policies on Comcast's anti-retaliation policy, compensation and benefits. Finally, Comcast's Code of Conduct also discusses Comcast's commitment to compliance with EEO laws.

In addition, Comcast posts information regarding equal employment opportunity laws in the workplace. Comcast has posted signage in the common areas of its offices that informs employees of their EEO rights and the federal, state and local agencies that they may contact if they feel that they have been discriminated against.

Through these efforts, Comcast has widely disseminated its EEO program to job applicants, its employees and to those who regularly do business with this employment unit.

Question 4: *Explain the employment unit's efforts to promote in a nondiscriminatory manner to positions of greater responsibility.*

Comcast's employment and promotion practices are based on job performance. Performance appraisals are conducted annually. During this annual assessment employees are provided with suggestions as to how to improve their work performance, recommendations are made regarding training opportunities, and career guidance is provided. Employees at this employment unit may apply for positions of greater responsibility within Comcast and are encouraged to do so when appropriate job vacancies exist. All of Comcast's open positions are posted on Comcast's employee intranet. Internal candidates that meet the minimum criteria for a posted position may be granted an interview. Candidates who do not meet the qualifications may be provided with career counseling regarding future opportunities.

Comcast supports personal and professional development of its employees through its Education Assistance Program. As part of this program, Comcast has a tuition reimbursement policy that pays for continuing education that may qualify them for more advanced positions within Comcast. Additionally, Comcast provides the opportunity for employees at this employment unit to attend technical and professional development training through a local vendor, New Horizons. These benefits are available to all employees on a nondiscriminatory basis.

Comcast provides advanced training for employees as well. Comcast provides special internal training programs through Comcast University our nationwide training and development organization. Comcast University offers nationwide training and development opportunities for its employees. Comcast University program offerings include course work to enhance the substantive and leadership skills of its employees. Employees have access to all services the University offers, including comprehensive training programs such as the "CommTech Program for Field Technicians" and the "CAREERAdvancePath Program" for Customer Account Executives. In addition, Comcast offers management training on the fundamentals of leadership and management development, including: One Comcast Leadership development ("OCL") courses for incumbent leaders in supervisor, manager and director-level roles and Foundations of Organizational Leadership Program ("FOL"), Executive Leadership Forum ("ELF"), Linked to Leadership~~s~~ ("L2L"), and the Executive Leadership Career Advancement Program ("ELCAP") for high-potential leaders. Comcast subsidizes and enables attendance at these training programs on a nondiscriminatory basis.

Those with the responsibility for hiring and promotion decisions at this employment unit are trained in Comcast's promotion policy and requirements. Employees who are newly hired or promoted into a management position with responsibility for hiring and promotion complete a training course on interviewing and selected process prior to making hiring decisions. During the training, employees are informed of their EEO responsibilities and obligations. This employment unit's promotion practices are reviewed periodically by the Senior Human Resource Manager to determine if the unit's promotion decisions indicate any actual or potential concerns about discrimination.

Overtime is also awarded on a nondiscriminatory basis at this employment unit. The Employee Handbook addresses and outlines Comcast's overtime policy.

Through these measures, this employment unit believes that it promotes employees to positions of greater responsibility in a nondiscriminatory manner.

Question 6: *Report the findings of the employment unit's analysis of its efforts to recruit, hire, and promote in a nondiscriminatory manner and explain any difficulties encountered in implementing its EEO program.*

Comcast continually reviews its recruitment, hiring, and promotion practices. At least annually, Human Resources personnel for this unit conduct an analysis of the hiring, terminations and promotions at this unit to ensure that no pattern of discrimination is occurring. Exit interviews are conducted for all voluntary terminations to determine the cause of the termination. The Human Resources team for this unit meets regularly with the unit's managers with hiring and promotion authority to review this data, and the overall effectiveness of the unit's recruitment practices in achieving broad outreach into its community, as well as the unit's interview, hiring, and promotion practices to ensure that they do not have any apparent or actual discriminatory effect. Any issues that require escalation are reviewed by the Compliance Champion for this unit, and to the Regional Vice President of Human Resources and Comcast's Legal Department, as appropriate.

Through these analyses, Comcast has determined that its recruitment, hiring, and promotion practices are effective to ensure genuine equality of opportunity for all job applicants and employees pursuant to its EEO Program. Comcast has not encountered any problems in the implementation of its EEO program at this unit or administrative/court claims of discriminatory conduct in its employment practices.
