**5. MISCELLANEOUS SERVICES**

**5.1. PRESUBSCRIPTION**

The Company will provide 1+ presubscription or 10XXX equal access consistent with the equal access rules of the Commission and of the Federal Communications Commission to enable end users to access an interexchange carrier (IC) for intrastate toll calling.

Presubscription is an arrangement whereby an end user may select and designate to the Company an Interexchange Carrier (IC) to access interexchange calls without the use of an access code. This IC is referred to as the end user's Primary Interexchange Carrier (PIC). The end user may select as its PIC any IC that orders originating FGD Switched Access Service at the end office that serves the end user.

New end users who are served by end offices equipped with FGD will be asked to presubscribe to an IC at the time they place an order with the Company for Exchange Access Service. They may select either of the following options. There will be no charge for this initial selection:

- Designate an IC as a PIC and dial 10XXX to reach other ICs.
- Designate that they do not want to be presubscribed to any IC and choose to dial 10XXX for all calls to all ICs.

After the end user's initial selection of a predesignated IC, a nonrecurring charge, as set forth in Section 5.4, will apply for any additional change in selection

When an end user switches both their intraLATA and interLATA carrier at the same time, and when the end user selects the same carrier for both interLATA and intraLATA service, the Company will waive the intraLATA presubscription charge.

**5.2. UNAUTHORIZED PRIMARY INTEREXCHANGE CARRIER CHANGE**

An unauthorized Primary Interexchange Carrier (PIC) change is a PIC change that is requested by an interexchange carrier (IC) when the Local Exchange Service customer, or their authorized agent, denies authorizing the PIC change and the IC is unable to produce a valid letter of authorization for the change from the customer or the customer's authorized agent.

The interval during which a customer may submit a claim for an unauthorized PIC change will be twelve months from the date of the original PIC change.

An unauthorized PIC change is subject to the charge specified in Section 5.4, following.

**5.3. SPECIAL ASSEMBLIES AND INDIVIDUAL CASE BASIS ARRANGEMENTS**

Arrangements will be developed on an Individual Case Basis (ICB) in response to a bona fide request from a customer or prospective customer to develop a bid for any switched or special access service that the Company is technically capable of providing but which is not offered under this Tariff (special assembly), or to develop a competitive bid for a service that the Company offers under this Tariff (ICB). Rates quoted in response to such competitive requests may be different than those specified for such services in this Tariff. ICB and special assembly rates will be offered to the customer in writing and on a nondiscriminatory basis. Customers served on a non-tariffed basis for services offered under this Tariff as of the effective date hereof shall be entitled to continue their existing serving arrangements under the same terms and conditions as "special assemblies," but those terms and conditions will not necessarily be available to new customers when the same service is available under this Tariff. In addition, the Company may from time to time offer promotional or other special discounts to customers who initiate service within the time contemplated by the promotional or other special discount offer.
