1.3. GENERAL

This tariff applies to intrastate Access Service provided by the Company to Customers. (T)
(T)

The provision of Access Service is subject to existing regulations and terms and conditions specified in this Tariff as well as in the Company's other current Tariffs, and may be revised, added to, or supplemented by superseding issues.

The provision of such services by the Company as set forth in this Tariff does not constitute a joint undertaking with the Customer for the furnishing of any service. (N)

Where no such agreement has been entered into, the Company will exchange local traffic on either a "bill and keep" basis or, if the companies cannot agree then, as an interim measure until the parties have entered into an agreement the Company will apply rates for Network Access and Tandem Transport as set forth in Section 3 of this tariff. (T)
